Operation Drive Insured 2023

This year, Operation Drive Insured focused on two key outcomes: taking uninsured vehicles off the road and driving positive behaviour change. We attended more roadside operations, took more Police Helpline calls, ramped up our social campaign and increased press coverage to achieve these goals.

Taking uninsured vehicles off the road

roadside operations supported versus 2022

ROADSIDE OPERATIONS

This year, based on Police Helpline data, an estimated 3,736 vehicles were seized during Operation Drive Insured week.

In addition, 27 police forces have provided detailed Operation Drive Insured reporting. Highlights include:

- 523 vehicle stops and 209 seizures generated by MIDAS alerts
- 253 vehicle stops and 112 seizures generated by Tutelage / Tutelage plus alerts

Notable stops included:

- Vehicle tracked via ANPR from Wales towards London.
 3 occupants arrested for Possession With Intent To Supply and Money Laundering, £40K cash seized.
- Driver arrested for suspected theft offence.
- Driver had fraudulently created their own driving licence.

ROADSIDE SUPPORT

MIB law enforcement liaison officers (LELOs) supported police forces running Operation Drive Insured roadside operations:

- 14 roadside operations attended (2.3x the 6 attended in 2022)
- 89 vehicles seized at supported operations
- 5 drivers purchased insurance at the roadside
- Direct link to Police Helpline and checks on MID

POLICE HELPLINE

Coverage of our Police Helpline was increased. Support included:

- 36% more inbound calls than normal
- 429 seizures logged (average 284 per week in 2023)
- Expansion of hours to include 8-9am and 5-6pm

Driving positive behaviour change

PRESS AND MEDIA

Focusing on new hotspot data, which saw B18 postal area no longer topping the ranks, details of the operation was mentioned 273 times across all media types during the week.

The story was released as a Sky News exclusive, leading with Toni's real-life story. This broke on Monday morning on website and mobile app, with mobile push notifications, followed by 7 features across Sky Breakfast News.

Across the week, Operation Drive Insured reached 2.74m individuals TV and print mentions alone, with an online reach of potentially 516m (unique viewers per month)

- 211 broadcast mentions (73% increase versus 2022)
 - 8 television mentions
 - 203 radio mentions
- 57 online mentions

CAMPAIGN PACK

The pack provided:

- Key messaging and headline statistics
- Sample social post copy
- Image, GIF and video assets

This year, a campaign pack was distributed to four parties: police press offices, police contacts with social presence, insurance partners and media.

The pack was downloaded by 89% of police press offices, who were also provided with Welsh language assets for the first time. 51 distinct police social media accounts shared Operation Drive Insured content across the week.

ORGANIC SOCIAL MEDIA

Highlighting police roadside operations, potential insurance pitfalls and consequences of uninsured driving.

- 51 social posts were deployed by MIB across X (Twitter), Facebook and LinkedIn
- Engagement rates averaged 5.32%
- Roadside activity further highlighted with 'live tweeting' on Tuesday, in which seized vehicles and videos of partaking officers featured, accounting for 12 of 31 posts on X.

Outside of MIB posting, the week saw:

- 1,191 pieces of social content
- 1.6m impressions (56% increase versus 2022)
- 393 unique people posted about Operation Drive Insured
- 51 distinct police accounts posting (232% increase versus 2022)

PAID SOCIAL MEDIA

A paid social campaign trial has been run on Meta and Spotify to cover Op Drive Insured. It highlighted potential insurance 'pitfalls and consequences of uninsured driving.

Content aimed at those who believe they're insured but may still be driving illegally has proven to be the most engaging.

Campaign highlights include:

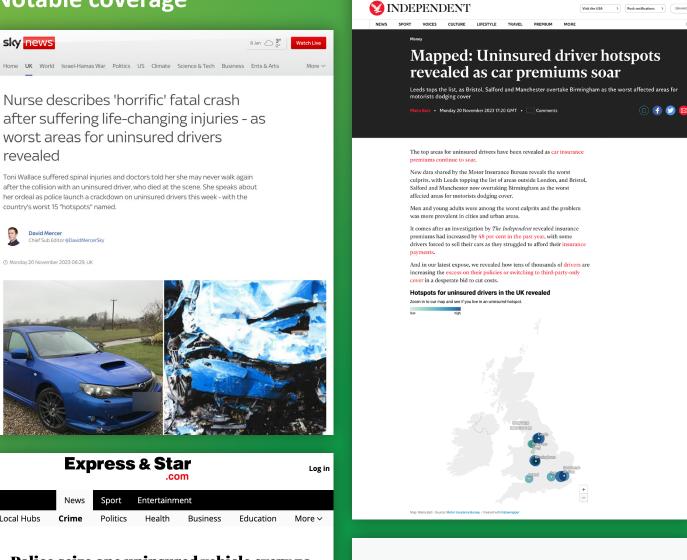

- 55,584 visits to the landing page (2.39% CTR)
- 177,423 total Meta engagements (6.4% of impressions)
- 86% Spotify listen-through rate

Op Drive Insure is aimed at targeting uninsured drivers

A new report has revealed more than 6,000 uninsured cars have been seized in this year alone so far.

The new figures, which come as part of Operation Drive Insured for Road Safety Week, show that as of this month, 6,444 vehicles have been seized for not being insured.

The "hotspots" for uninsured drivers have been revealed after a mum was left with lifechanging injuries following a **crash** with an uninsured driver.

Toni Wallace, 55, was rushed into a gruelling 10-hour surgery and was told she had only a 50 per cent chance of walking again after her car was struck by a high-speed vehicle near Holnest, Dorset.
